A Letter of Resignation and Rebirth

April 18, 2014 in [Home](#), [Inspiration](#) by [Kyle](#)

"What a heavy burden is a name that has become too famous." ~Voltaire

I expected the White Man March to a success, but I did not foresee the incredible amount of attacks that would be launched against me from all sides. Of course animosity was to be expected from the anti-White media, but sadly many alleged pro-Whites have been launching vicious assaults upon me, trying to discredit the message and methodology of the White Man March by attacking my character and reputation. Sure, the aspersions are being cast by cowards and incompetents, but such tactics still help to discourage others from joining the cause. At this point, I consider helping myself as a "leader" to be more of a hindrance to our cause than a help. I do not want to be a liability. I previously wrote that [this is not an organization and there is no leader](#) and now I am just making it official.

"The pressure of adversity does not affect the mind of the brave man... It is more powerful than external circumstances." ~Lucius Annaeus Seneca

My resignation is not due to my inability to handle the **hateful** things that are said about me or the March. I have very thick, dragon-like skin, which is why our enemies went about causing untold misery for the people I love. Unless you have been thrust into the position of an international pariah, you likely cannot fathom the kind of pressure that has been exerted not just upon me, but also upon anyone who is associated with me. We are living in a society in which standing up for the interests of White people is really considered the most heinous offense imaginable.

"If liberty means anything at all, it means the right to tell people what they do not want to hear." ~George Orwell

"In a time of universal deceit – telling the truth is a revolutionary act." ~George Orwell

"It is dangerous to be right in matters on which the established authorities are wrong." ~Voltaire

I do not retract anything I have said or written here. It is all true to the best of my knowledge. However, for most people being truthful is not as important as being "politically correct" or not hurting other people's feelings. Even when presented with irrefutable proof concerning the planned destruction of the White race, most people are so indoctrinated by the anti-White worldview that they are unable to come to their senses and see what is taking place.

"A physician is not angry at the intemperance of a mad patient, nor does he take it ill to be raided at by a man in fever. Just so should a wise man treat all mankind, as a physician does his patient, and look upon them only as sick and extravagant." ~Lucius Annaeus Seneca

"Always do right. This will gratify some people and astonish the rest." ~Mark Twain

"It is difficult to free fools from the chains they revere." ~Voltaire

Thanks to all of your hard effort in getting the word out, the amount of people taking pro-White positions is increasing every day. We have gained much ground in this past year and I expect in the near future our message will become impossible to ignore, even if many people still disagree with us.

"Never be afraid to raise your voice for honesty and truth and compassion against injustice and lying and greed. If people all over the world...would do this, it would change the earth." ~William Faulkner

"It is not because things are difficult that we do not dare, it is because we do not dare that they are difficult." ~Lucius Annaeus Seneca

This is not the end for the White Man March. Many good people have donated to keep the March moving forward, which it will. Donors who selected one of the "perks" should expect to receive their materials within the next month. The rest of the funds will be used to advertise our cause and produce more top-notch media.

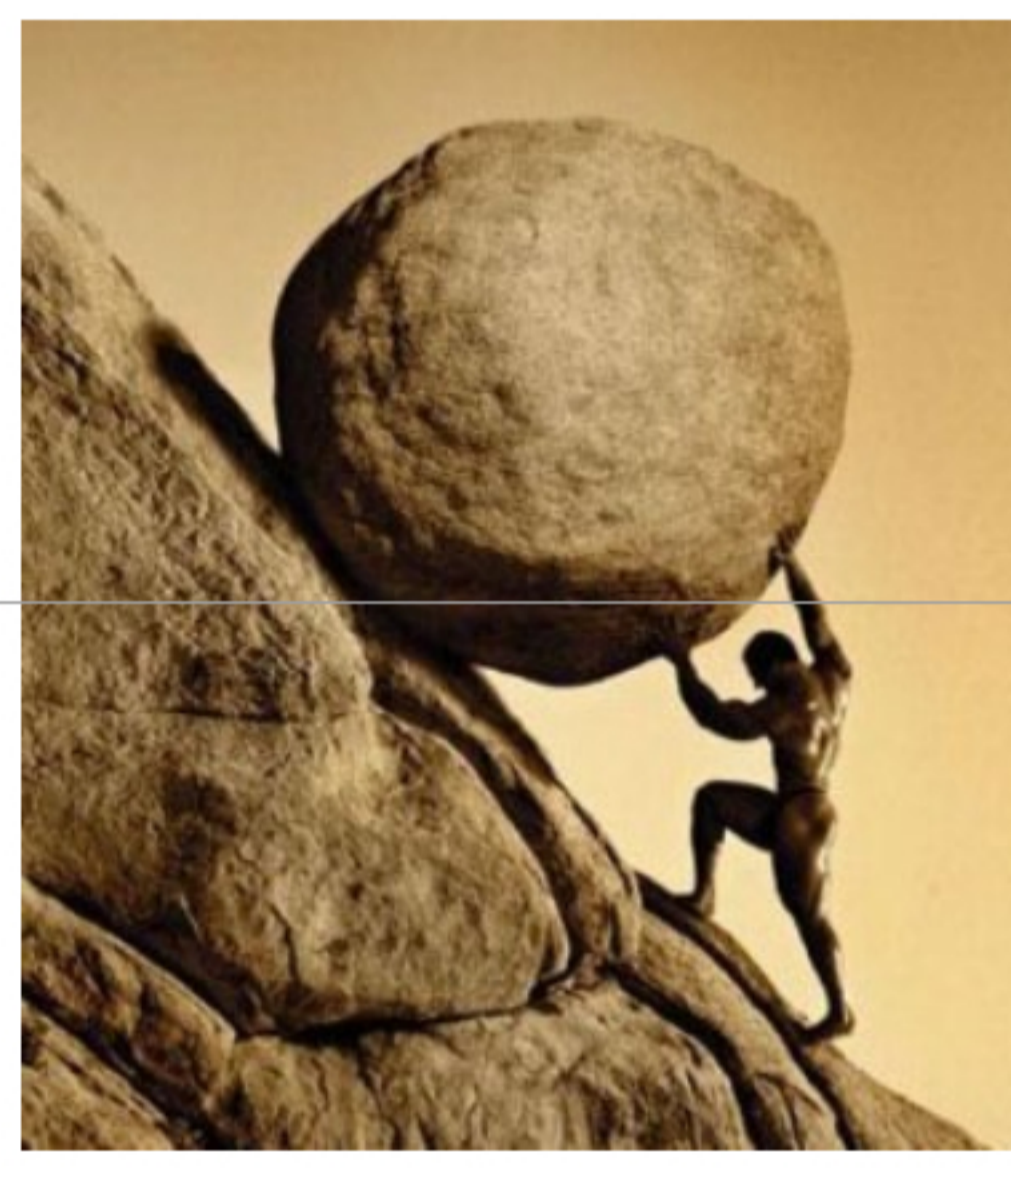

"No problem can withstand the assault of sustained thinking." ~Voltaire

"Time discovers truth." ~Lucius Annaeus Seneca

At this point in time, it truly appears that leaderless resistance is the best way for our people to move forward effectively. Guerrilla marketing tactics employed by self-organized cells will be far harder for the anti-Whites to stop. Intelligent, powerful, and peaceful activism can be done by anyone anywhere.

"Anybody can become angry – that is easy, but to be angry with the right person and to the right degree and at the right time and for the right purpose, and in the right way – that is not within everybody's power and is not easy." ~Aristotle

"Nothing can stop the man with the right mental attitude from achieving his goal; nothing on earth can help the man with the wrong mental attitude." ~Thomas Jefferson

At first it seemed like I was going to be shouldering the whole load by myself, but then some very strong people stepped up. By working together, we were able coordinate our energy to get things moving in the right direction. Seeing our activists struggling against seemingly insurmountable odds has greatly inspired me. The amount of creativity and dedication that has been unleashed is awesome.

"It is a rough road that leads to the heights of greatness." ~Lucius Annaeus Seneca

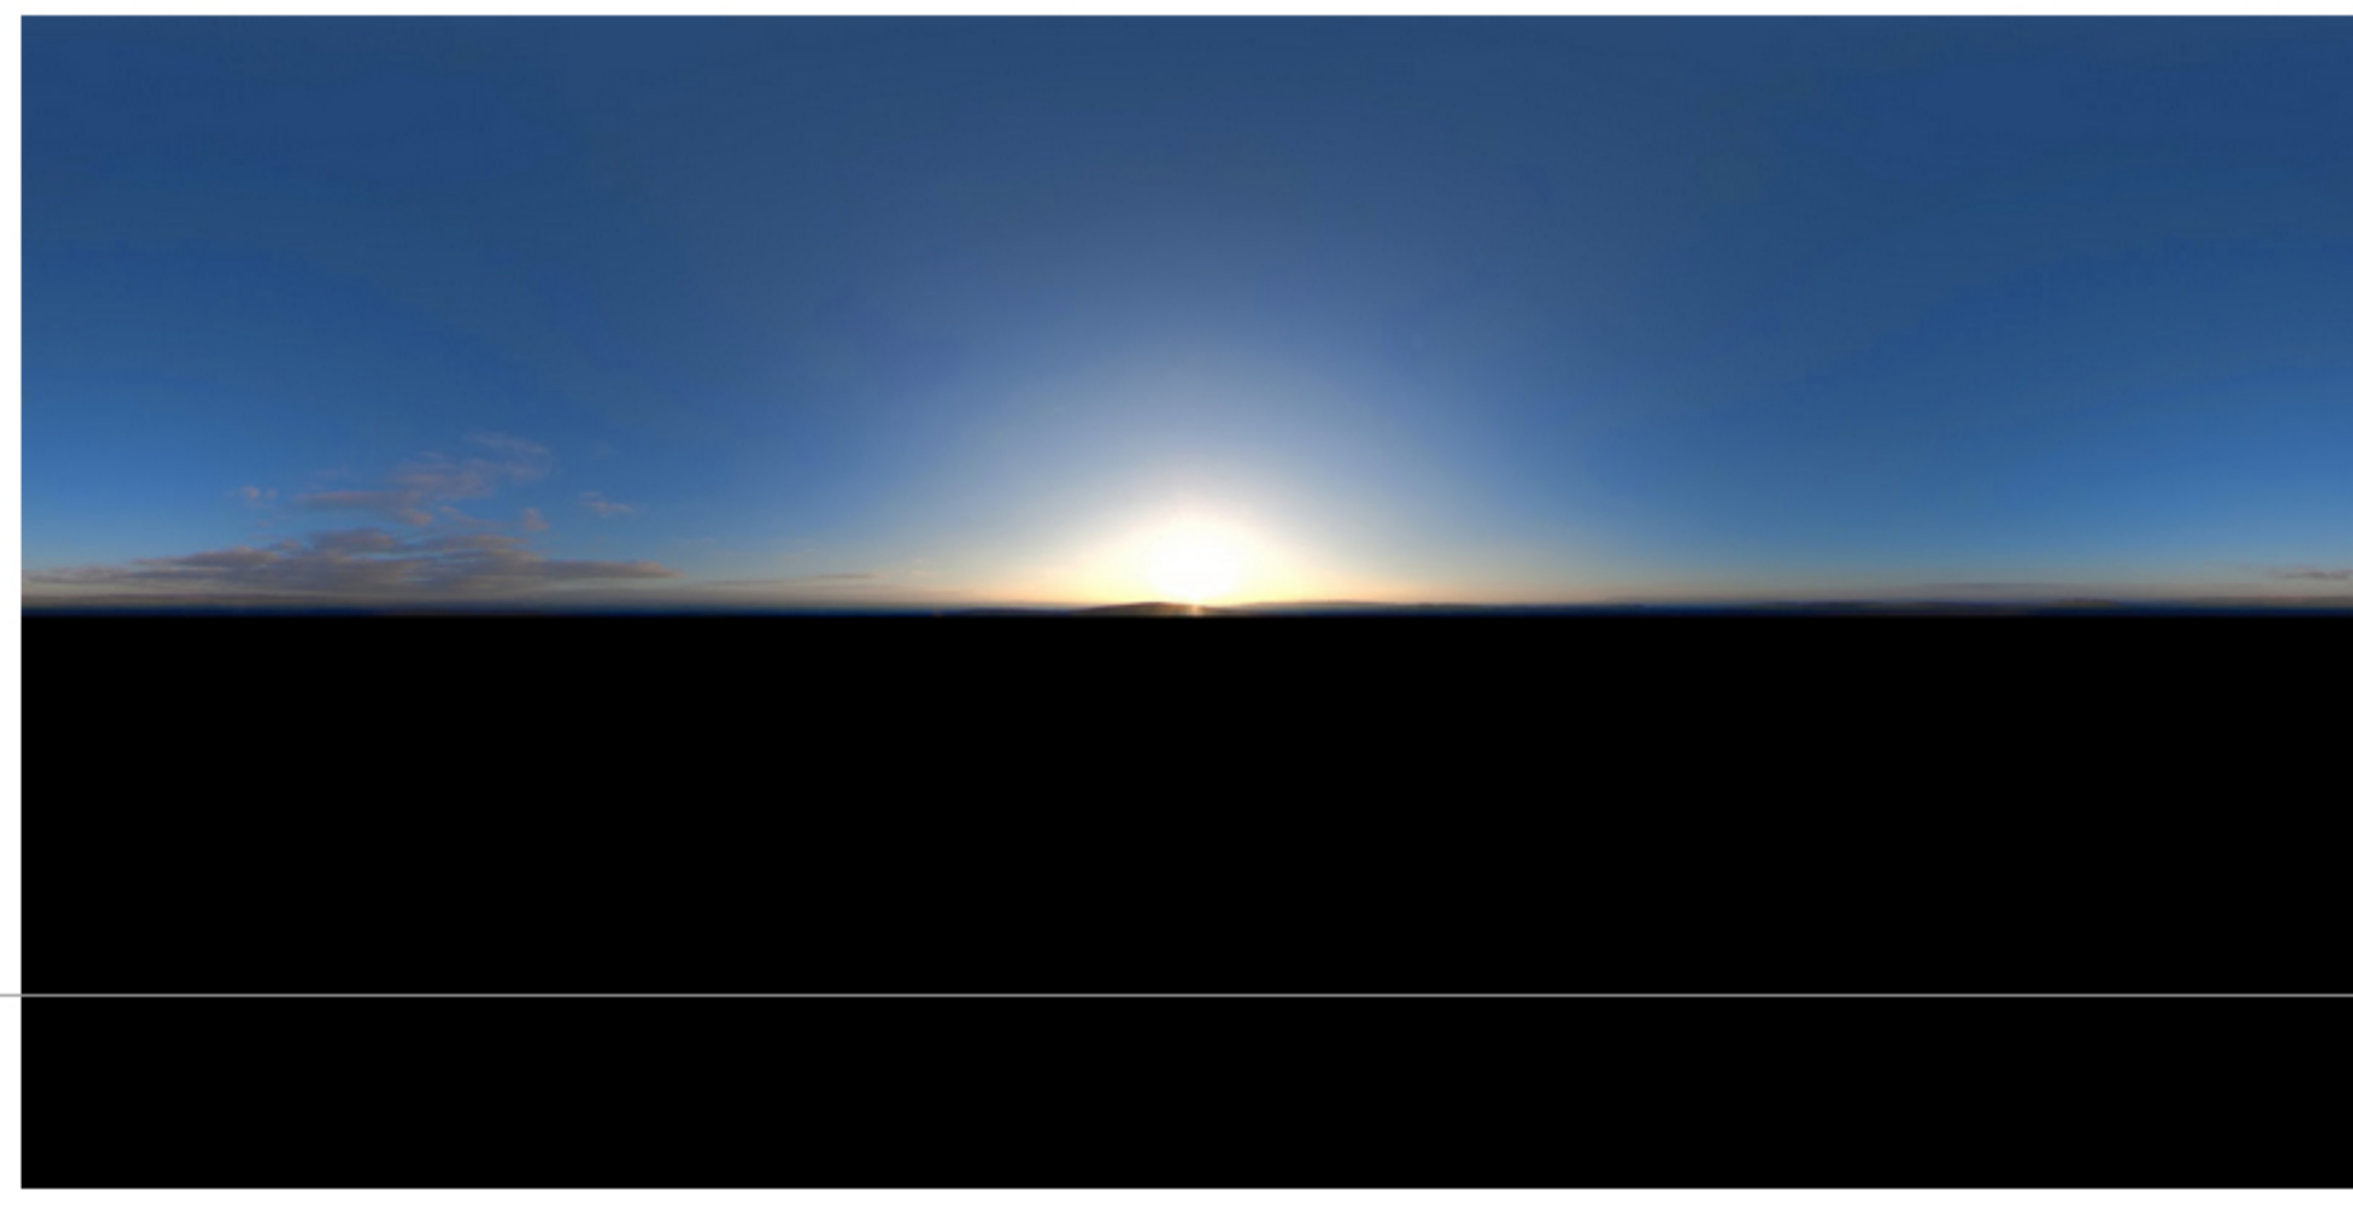

"The bravest sight in the world is to see a great man struggling against adversity." ~Lucius Annaeus Seneca

I know that we have reached our goal of raising awareness about White Genocide and exposing the anti-White system, as the ball (or boulder) is not only rolling now, but gaining speed. Anyone who is standing in the way, watch out!

Now that the White Man March has taken off, you really do not need me anymore. You are your own leader. I look forward to seeing all of the things that you will accomplish.

"Each player must accept the cards life deals him or her: but once they are in hand, he or she alone must decide how to play the cards in order to win the game." ~Voltaire

With your help, I know our future is going to be a bright one.

"It is said that the present is pregnant with the future." Voltaire

We appreciate your vision and efforts and I am excited for you, that you may witness your seedling sprawl into a valuable resource for the West. May the third Saturday of every month become significant beyond the United States.

Thank you Kyle for getting this movement started. The ball is now in our court, and it is up to us whether or not we desire a future for ourselves. I cannot wait to spread the message once again this month, and I know that many others will be too.

Hey Kyle, you might get a kick out of this. It's from a 1981 movie called My Dinner With Andre. Yeah, I know, it's a couple of Jews yapping over dinner, but some of the insights the movie gives are rather revealing, as if they enjoy hinting about what they know is on the horizon for us stupid goyim. You can insert "America" for "New York", and "whites" for "inmates", and it makes the following very apropos for todays average white American:

And he said to me, "Where are you from?" And I said, "New York." And he said, "Ah, New York, yes, that's a very interesting place. Do you know a lot of New Yorkers who keep talking about the fact that they want to leave, but never do?" And I said, "Oh, yes." And he said, "Why do you think they don't leave?" And I gave him different banal theories. And he said, "Oh, I don't think it's that way at all." He said, "I think that New York is the new model for the new concentration camp, where the camp has been built by the inmates themselves, and the inmates are the guards, and they have this pride in this thing that they've built – they've built their own prison—and so they exist in a state of schizophrenia where they are both guards and prisoners. And as a result they no longer have—having been lobotomized—the capacity to leave the prison they've made or even to see it as a prison."

So there you go, Kyle. We'll just keep trying our best to break 'em out, one at a time.

Actually, I do know how you feel.

You hang in there and take care of your family and friends,brother. A White man's burden is his loved ones,not the niggers or the other muds.

Have you arranged to remind the other groups of us when a White Man March is near so they don't miss them? The ones who are supportive obviously. The other guys can see if they can get HALF of the attention on our message that you did. It personally doubt it.

I just finished my sign for this time around. I'm psyched. Hundreds or maybe even thousands of people from all over the country will see the message "Diversity = White Genocide" where my sign will be placed.

We will never give up the insights of OMHR until the fourteen words are a reality.

The corner has been turned. The memes are unstoppable due to their timing and absolute truth. Powerbrokers will be behind our movement from here on out. Out in the farthest reaches of the cosmos, not in our lifetimes, but in those of our white descendants. 14/88.
